

General visuals and design of the research programme website should be corresponding to the main website. (Refer to tab 'Main Website' first heading for reference).

## Website Content

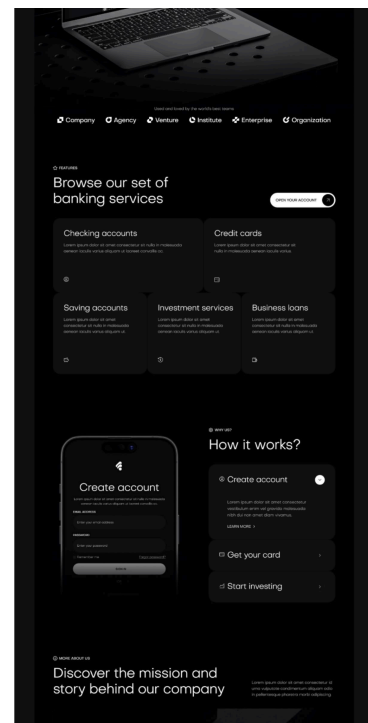

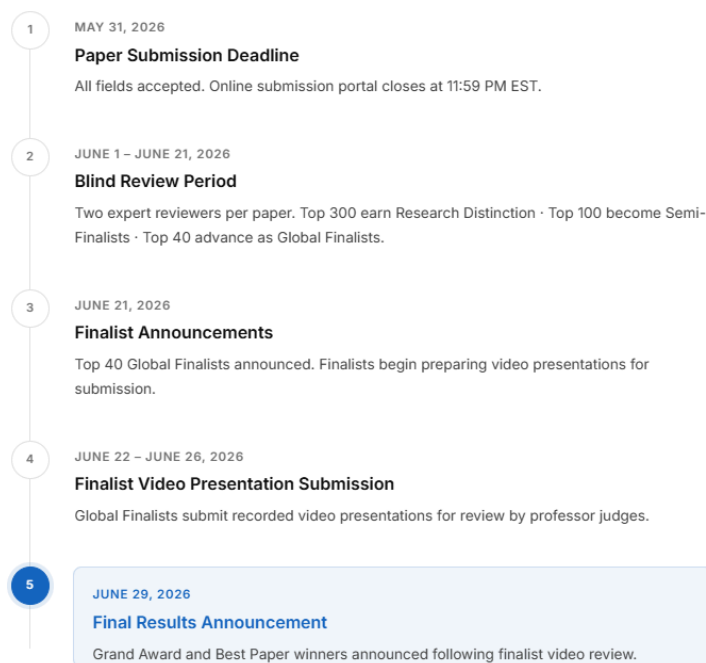

You may refer to the links below for structural/design inspo

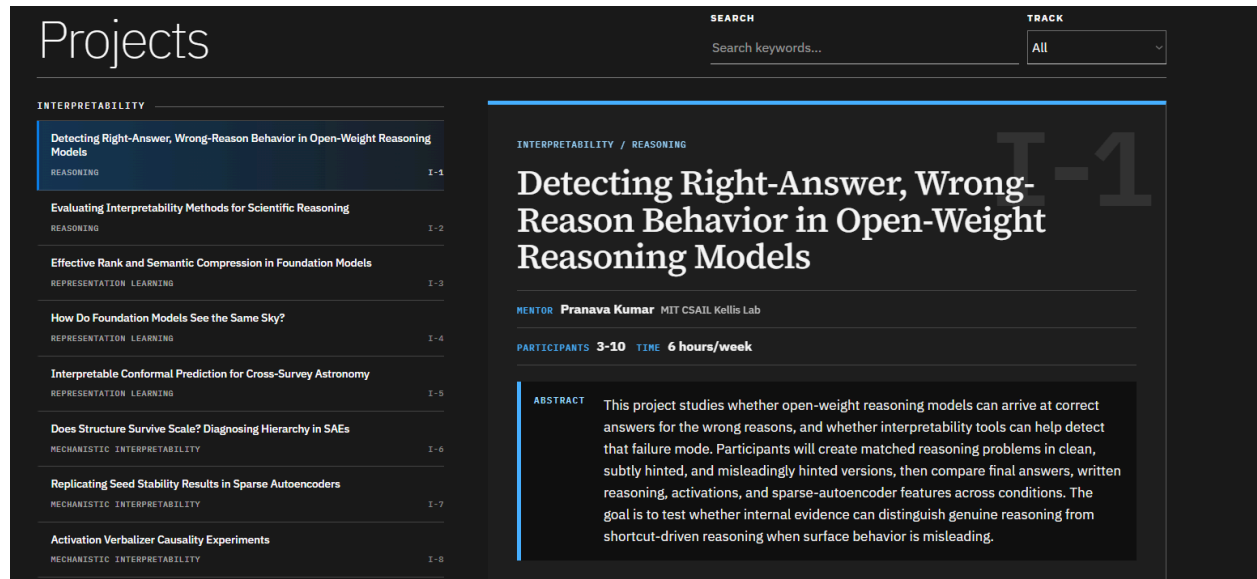

- <https://www.globalresearchchallenge.org/>
- <https://www.eleuther.ai/soar>

28/6/26 Backbone of the website (Titles, tabs, text blocks - do not have to be filled in with detail) should be established to make addition of details later on more feasible.

### IMPORTANT DATES

## Competition Timeline

Include outlines of...

- A competition timeline
- FAQ
- Panel of researchers (external categories & UTAR)
- Available projects and clear application directories
- Organisations involved (sponsors & UTAR)

This website should be then attached to the main MRG website.
